Your Invitation

LIVESTRONG would like to invite you to participate in the Fertile Hope Program aimed to expand the options that newly diagnosed cancer patients have for preserving fertility and plan for a family after cancer treatment.

Of the individuals who are diagnosed with cancer each year, approximately 130,000 of them are in their reproductive years (0-45). These individuals share the right to timely and thorough information about cancer-related fertility. The financial burden placed on these patients to pay for cancer treatment and preservation services is high and the goal of the Fertile Hope Program is to increase awareness of fertility preservation options and reduce the financial barrier to accessing these services.

This Manual was created to provide information about the program and how it works. We hope you consider participation in the Fertile Hope Program!
I. Fertile Hope Program for Men: An Overview

As a participating sperm bank or fertility center in the Fertile Hope Program for Men, you will complete the Fertile Hope Agreement and indicate a reduced fee for sperm banking that you will honor for all approved Fertile Hope recipients. This reduced fee must be at least 25% less than your normal charges for the outlined services in your Agreement. Additionally, you can only change your reduced fee once every year of your participation and you must outline in your Agreement all of the services that are part of this reduced fee.

Once the Agreement is executed, we will add you to our internal database of participating centers. Patients interested in receiving the reduced fee for sperm banking will apply directly to LIVESTRONG for consideration.

The application asks the applicant to indicate which sperm bank or fertility center he is planning to visit; all applications must include this information and the applicant must identify a participating Fertile Hope center to be considered for approval. LIVESTRONG will review applications and make a decision regarding eligibility based on the defined set of health and financial criteria outlined in the patient application.

After all completed forms are received from the patient and his oncologist, LIVESTRONG will review the application within 1 to 2 business days. When a decision has been reached, LIVESTRONG will contact the patient directly and send you a fax or email alerting you to our decision. He will be instructed to call you to make an appointment for sperm collection at the reduced Fertile Hope rate. The patient is responsible for paying this discounted fee in full to your clinic per your payment schedule. LIVESTRONG does not cover or supplement the cost of fertility preservation procedures.

LIVESTRONG administers the program, vets applications, and maintains strategic partnerships that reduce the cost of sperm banking for men with cancer. LIVESTRONG does not provide any money to the patient or to the clinic. The program runs on the generous participation of our Fertile Hope partners and the patient is responsible for paying the discounted rate to you directly.

II. Referring to the Fertile Hope Program in Your Publications

When referring to your participation in the Fertile Hope Program in your publications (website, brochures, press releases, etc.), please use the following language:

[CLINIC NAME] is a proud member of LIVESTRONG’s Fertile Hope Program. As a participating center in the Fertile Hope Program, [CLINIC NAME] works with LIVESTRONG to increase access to fertility preservation services for cancer patients. To apply or for more information, please visit www.livestrong.org/fertilehope.

III. The Patient Application Process

The Fertile Hope Program for Men application is included in this manual and can also be downloaded from our website: www.livestrong.org/fertilehope. Please review and familiarize
yourself with the application and the eligibility criteria. A completed application must be submitted via mail, fax or email to:

Lance Armstrong Foundation  
Attn: Fertile Hope Program  
2201 East 6th Street  
Austin, Texas 78702  
Fax: 512-857-0164  
Phone: 855-220-7777  
Email: cancer.navigation@livestrong.org

The application consists of three parts:

1. Patient Authorization & Consent Form – to be completed and signed by the patient and/or patient’s parent or guardian if under age 18;

2. Oncologist Referral & Certification Form – to be completed and signed by his oncologist; and

3. The patient’s or patient’s parent’s/guardian’s most recently submitted 1040 Federal Tax Return form. We look at adjusted gross income to determine financial eligibility. We cannot accept a W-2 form.

Once the application is complete, every attempt is made to have a decision within 1 to 2 business days. If the application is approved, we will fax or email you a copy of the approval letter. We will also contact the patient and his oncologist. Approved patients will call you to schedule an appointment for collection.

Please note that all three parts of the application must be received by LIVESTRONG before the application can be approved.

IV. Fertile Hope Program for Men FAQ

What the Program Offers

Q. How does the Fertile Hope Program help patients?

A. Through our partnerships with participating sperm banks and fertility centers, the Fertile Hope Program offers approved applicants a reduced fee for customary sperm banking services. In some cases additional discounts on storage may be available.

Fertility Preservation vs. Pregnancy

Q. Does the Fertile Hope Program help patients who are trying to achieve pregnancy?

A. Fertile Hope is only for fertility preservation and helps with the cost of sperm banking. The reduced fee covers the fees outlined in your Agreement such as collection, analysis, freezing, and one year of storage. Costs that are not included are the patient’s responsibility and are in
addition to the Fertile Hope reduced fee. The Fertile Hope Program does not apply to fertilization procedures with frozen sperm.

**Reduced Fee vs. Funding**

Q. Does LIVESTRONG provide funding or grant money directly to the patient?

A. Fertile Hope acts as a financial assistance program by providing access to reduced cost fertility preservation services; the sperm bank reduces its fees for approved patients. **There is NO exchange of funds between LIVESTRONG and the patient.** Fertile Hope recipients are responsible for paying the reduced fee directly to the Fertile Hope fertility center or sperm bank.

Q. Does LIVESTRONG pay the reduced fee to the participating clinics?

A. Fertile Hope acts as a financial assistance program by providing access to reduced fee fertility preservation services. LIVESTRONG administers the program, vets applications, and maintains strategic partnerships that reduce the cost of fertility preservation. **There is NO exchange of funds between LIVESTRONG and the clinic.** Fertile Hope recipients are responsible for paying the reduced fee directly to the participating Fertile Hope clinic.

**Reimbursement**

Q. Can a patient be reimbursed for the cost of sperm banking if he underwent this procedure prior to applying for the Fertile Hope Program?

A. If a patient banked his sperm through a Fertile Hope center, it is up to the center to decide if they will offer any reimbursement. LIVESTRONG will process the application but does not guarantee that the center will provide reimbursement. The patient must negotiate that himself. LIVESTRONG will not be able to provide any reimbursement to patients for the cost of sperm banking.

Q. What if a patient has to start sperm banking immediately and cannot complete the application in time?

A. **It is up to the participating sperm bank as to whether they will honor the reduced fee before receiving approval notification from LIVESTRONG.** LIVESTRONG cannot guarantee that the patient will meet the eligibility criteria until all of the application paperwork is complete.

**Payment**

Q. How does the patient pay for sperm banking?

A. Payment is handled by participating clinics, not LIVESTRONG. The approved patient agrees to pay the reduced fee for banking and one year of storage directly to the participating sperm bank or fertility center.
The Application Process

Q. How long does it take to process the Fertile Hope application?

A. Once all parts of the application have been submitted, every attempt will be made to review the application within 1 to 2 business days. Please note that the application will not be approved until all pages of the application and the patient’s tax information have been received and the patient meets the eligibility criteria. Once we receive at least one completed form of the application, we do make contact with the patient to alert them to what forms are necessary to approve the application. We continue to reach out to patients frequently to communicate the status of their application.

Eligibility

Q. If a patient already started chemotherapy or other cancer treatment, can he still bank his sperm?

A. This is a decision to be made by the patient under the advisement of his oncologist. Most likely, the doctor will not advise a patient to bank his sperm if he has already started certain cancer treatments. This is a question that the patient should discuss with his doctors.

Tax Forms

Q. Which tax form is needed? Can the patient send his W-2 form?

A. The applicant should provide his 1040 U.S. Individual Tax Return form from the last tax year. The W-2 form cannot be accepted because it does not show adjusted gross income.

Q. Fertile Hope requires a copy of the patient’s most recent federal tax return. What if the patient does not file taxes?

A. If a patient did not file taxes during the most recent year; she must call LIVESTRONG at 1-855-220-7777 to determine the most appropriate next steps to take to verify income.

Q. This past tax year, the patient’s income was higher than the eligibility criteria but in other years his income was lower. Can he be considered for the program?

A. LIVESTRONG can base income eligibility on the patient’s adjusted gross income from the previous tax year OR the average of his adjusted gross income from the last three years. If the patient only qualifies based on his average three year gross income, he must supply copies of federal tax returns for those three years.

Q. If a patient is under 18, whose tax forms are needed?

A. The submitted tax forms should be for the parent/guardian of the patient. Income eligibility is based upon the parent’s/guardian’s adjusted gross income.
Q. If a patient is over 18 and claimed as a dependant by his parent/guardian, whose tax forms are needed?

A. If the patient qualifies financially based on his parent’s/guardian’s adjusted grossed income from the most recent tax year OR average of the 3 most recent tax years, the parent’s/guardian’s tax information can be used.

If the patient does not qualify financially based on her parent’s/guardian’s grossed income, the patient can send in a tax return transcript or letter of non-filing that will state that she did not file taxes independently.

Fertile Hope Centers

Q. What if a patient wants to participate in the Fertile Hope Program but his chosen sperm bank is not a participating Fertile Hope center?

A. New Fertile Hope centers are always welcome to join the program. A Fertile Hope Agreement can be sent to the patient’s chosen center to enroll the center in the Fertile Hope Program. However, a patient cannot go through the Fertile Hope Program until a signed Fertile Hope Agreement is received from the center.

Q. How does a patient know which centers are participating in the Fertile Hope Program?

A. Call LIVESTRONG at 1-855-220-7777 to receive the most up to date listing of participating centers.

Fertile Hope Contact

Q. Who at LIVESTRONG administers the Fertile Hope Program?

A. LIVESTRONG Cancer Navigation Services provide one-on-one support to anyone affected by cancer. Navigation staff administer the Fertile Hope Program. All patient questions or questions related to the status of an application should be directed to 855-220-7777 or emailed to cancer.navigation@livestrong.org.

All questions related to participating center agreements should be directed to Ashley Koenings at 512-279-8363 or emailed to ashley.koenings@livestrong.org.
